

Students -

Thank you to all of those who auditioned for the 2021-2022 curricular choirs! I am really proud of each and every one of you and thank you for your flexibility and patience in the process.

The only factors taken into account are the auditions as they are presented. Under no circumstances do the factors of an individual's involvement in the choral department, parent involvement or any aspects of seniority play a role in deciding a student's position in any of the choirs. The following is a breakdown what is taken into account for the audition process:

- *Melody - America, the Beautiful* (including the categories of pitch, rhythm, tone quality, diction, musicality and interpretation)
- *Tonal Skills - Scales* (including the categories of pitch, rhythm, tone quality, diction, musicality and interpretation)

With these auditions, you were given the option to use tracks provided to help you maintain pitch and rhythm for both examples. Since those were provided, I was listening for your growth in tone quality, diction (vowel and consonants), interpretation and overall musicality. Based on the results, you are placed into the ensemble that best suits your current abilities, as demonstrated by your auditions.

Auditions are like snapshots - they give us an indication as to where you are currently as a developing vocal student. Audition results show where you are at right now and more importantly, how you can continue to grow as a member of the PCHS Choral Department.

No matter what the outcome is for you, the expectation is that you will respond to these results with maturity and grace. There is no "good" choir or "bad" choir. The enjoyment that you get from being in choir is the positive attitude and productive effort that you bring to rehearsal every day. By being a part of our choir department, there is a willingness and understanding on your part to put aside you as an individual and be a part of something bigger than yourself, regardless of choir placement.

The results are listed below and you will find your choir placement by your ID number. Again, thank you for auditioning! While we wait to see how next year begins, I hope you share in my excitement with the possibility of all of us being together in the choir room, creating music the way we all remember. I am tremendously proud of each and every one of you for continuing to be a member of our choral department. Students, you are more than welcome to reach out and contact me with any question you may have.

Regards,  
Mr. Rancatore
