Some parting notes:

- **Get involved!**
 - We have a number of auditioned and non-auditioned, extra-curricular ensembles!
 - I am always seeking out those who can volunteer time for our events throughout the year. It takes a team to put on our Madrigal productions in December, our Spring Musical, recruitment events and more. The booster page will be updated with more information on how you can volunteer.
- **Private voice lessons.** Underneath the Contact Tab, you will find local, recommended voice instructors in the area. Private voice lessons are great!
- **Encourage your student to practice.** All of the tools are at the student's disposal through the choir website and Google Classroom to succeed.
